You will also be eligible for a bonus, which will be paid in line with prevailing Datamonitor practice. Currently the scheme stands as follows:

1. You will be eligible for a bonus of one month's salary upon the anniversary of your employment. This will be payable to you in the payroll run following the month of your anniversary date and will be based on your prevailing CTC salary as of your anniversary date.

Please note that if you leave Datamonitor before your anniversary date you will not be entitled to any part of this bonus payment.

2. Based on the company's financial performance during the year and on your own personal performance you can further earn up to a maximum of 11.5% of your prevailing CTC salary as bonus. If applicable this bonus will be paid no later than March 31st each year. In your first year this will be pro-rata depending on how many complete months you have worked for the company.

Please note that in order to qualify for this part of the scheme you must have been employed by Datamonitor before October 1st of the year in review.

Only employees still employed by the company when the bonus is due to be paid will be eligible for payment. Employees who have resigned or tendered their resignations during that period automatically forfeit their right to any bonus payment.

The bonus structure will be revised on an annual basis and can also be revised at the discretion of your manager.

You will be eligible for cover under the Group Mediclaim Policy, Group Life Insurance and Group Personal Accident Policy.

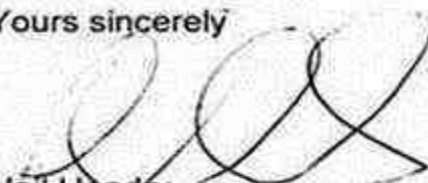

You will also receive an entitlement of 29 leave days – being 15 annual days, 5 casual days and 9 sick days.

You may tender your resignation, or the company may terminate your employment, at any time by providing you with thirty days notice in writing, or payment in lieu thereof.

The full terms and conditions of your employment are as detailed in the Datamonitor India staff handbook which will be provided to you on your commencement date.

Please contact either Rahul Bhatia (9949354962) or Sakshi Chopra (9949046356) if you have any questions. In the meantime, we look forward to you commencing employment with us and hope that it proves to be the start of a long and successful working relationship.
